

2008 Product Catalog

SYSTEMS

Part #90500 MistAway GEN III: Includes remote receiver, remote transmitter and PRO-CAP.

Part #90100 MistAway GEN 1.3 with Agitator 55-gallon: Includes remote receiver, remote transmitter and reservoir cover.

Part #90000 MistAway GEN 1.3 55-gallon: Includes remote receiver, remote transmitter and reservoir cover

Part #90300 MistAway GEN 1.3 with Agitator 125-gallon: Includes remote receiver, remote transmitter and reservoir cover.

Part #90200 MistAway GEN 1.3 125-gallon: Includes remote receiver, remote transmitter and reservoir cover.

OPTIONS

Part #22090 Leak Detection Gen 1.3 INSTALLED: New for 2008 detects a leak in a drum unit.

Part #20073 Zoning Option GEN III: Allows for two zoning configurations.

Part #20071 Zoning Option GEN 1.3: Allows for two zoning configurations.

Part #10931 Wind Sensor GEN III & 1.3: System won't mist above predetermined wind speed

Part #10095 Hose Bib Y Adapter GEN III: Allows for Gen III connection along with additional hose.

Part #10378 25' 3/8" Tubing GEN III: Additional tubing to connect Gen III to hose bib.

Part #20078 Anti-Siphoning Solenoid Gen 1.3: Keeps insecticide from siphoning out of drum.

Part #10959 Antenna with 15' Extension Gen III & 1.3: Allows for longer remote control range.

INSECTICIDES

Part #10303 Riptide: 5% pyrethrum 25% PBO Comes in 1/2 gallon fills in 1 gallon tip-n-measure bottles. Sold in cases of 4.

Part #10330 Sector: 10% Premethrin Comes in 1/2 gallon bottles. Sold in cases of 4.

Part #25400 PRO-CAP for Gen III: Reprogrammable cap.

Part #25100 Smart Cap for Gen III: Black Cap for Heavy Duty Mist.

Part #25200 Smart Cap for Gen III: Grey cap for Maintenance Mist.

Part #10340 Empty Tip-N-Measure Bottle: For use with insecticides on a Gen III.

NOZZLES

Part #20045 Plug-In Slimline Straight Nozzle: Nozzle tip & straight adapter ONLY. Union tee, union elbow or union coupling must be used to complete the nozzle. Sold in packs of 10.

Part #20048 Plug-In Slimline 45° Nozzle: Nozzle tip & 45° adapter ONLY. Union tee, union elbow or union coupling must be used to complete the nozzle. Sold in packs of 10.

Part #20015 90° Nozzle: Nozzle tip, straight adapter and 1/4" male swivel elbow. Used as the last nozzle on a run. Sold in packs of 10.

Part #20025 90° 45° Nozzle: Nozzle tip, 45° adapter and 1/4" male swivel elbow. Used as the last nozzle on a run. Sold in packs of 10.

Part #20035 Tee Nozzle: Nozzle tip, straight adapter and 1/4" male branch tee. Most commonly used nozzle. Used on continuous runs of tubing. Sold in packs of 10.

Part #20010 Tee 45° Nozzle: Nozzle tip, 45° adapter and 1/4" male branch tee. Used on continuous runs of tubing. Sold in packs of 10.

Part #20030 Straight Nozzle: Nozzle tip, straight adapter and 1/4" male connector. Sold in packs of 10.

Part #20008 Straight 45° Nozzle: Nozzle tip, 45° adapter and 1/4" male connector. Sold in packs of 10.

FITTINGS

Part #10175 1/4" Union Coupling: Used to repair holes or damaged spots in the tubing. Can be used to change from one color of tubing to another. Sold in packs of 10.

Part #10180 1/4" Union Elbow: Used when making 90° turns to avoid kinking the tubing. Sold in packs of 10.

Part #10185 1/4" Union Tee: Allows tubing run to go into two different directions or to start a new run. Sold in packs of 10.

Part #10179 3/8" Union Coupling: Connects 3/8" tubing together. Sold individually.

Part #10178 3/8" Union Tee: Allows 3/8" tubing two run in two different directions.

Part #10434 Reducer Plug: Reduces from 3/8" fitting to 1/4" fitting. Sold individually.

Part #10160 1/4" Plug In Elbow: Male end connects to a push-to-connect fitting and female end attaches to tubing. Used when making a 90° turn just after a nozzle. Sold in packs of 10.

Part #20005 Ball Valve with 1/4" Connectors: Used to shut off a area where misting is not wanted at times such as tennis courts or gazebo. Sold individually.

Part #20040 Check Valve 3 PSI with 1/4" Connectors: One-way valves that allows insecticide to flow in only one direction. Used for long runs of tubing. Sold individually.

Part #10265 1/4" Plastic Plug: Used to terminate a push-to-connect fitting. Sold in packs of 10.

Part #10850 Inline Nozzle Circuit Filter: Traps debris before it reaches & clogs nozzles. Sold individually.

Part #10187 1/4" Y Fitting: Allows for different tubing angles. Sold individually.

TUBING

Part #10360 1/4" Black Tubing: Sold in spools of 500 feet. Use in direct sunlight.

Part #10365 1/4" Natural Tubing: Sold in spools of 500 feet. Do not use in direct sunlight.

Part #10368 1/4" Tan Tubing: Sold in spools of 500 feet. Use in direct sunlight.

Part #10366 1/4" White Tubing: Sold in spools of 500 feet. Use in direct sunlight.

CLAMPS

Part #10223 DynaClamp 1/4" Black: New for 2008 all in one clamp & screw. Used to secure tubing. Sold in packs of 100.

Part #10227 Dyna Clamp 1/4" White: New for 2008 all in one clamp & screw. Used to secure tubing. Sold in packs of 100.

Part #10200 1/4" Black Clamps: Used to secure tubing. Sold in packs of 100.

Part #10210 3/8" Black Clamps: Used to secure nozzles. Sold in packs of 100.

Part #10205 1/4" Natural Clamps: Used to secure tubing. Sold in packs of 100.

Part #10215 3/8" Natural Clamps: Used to secure nozzles. Sold in packs of 100.

SLIMLINE RISER COMPONENTS

Part #10222 Riser Stabilizer: New for 2008. Used to anchor slimline risers in the ground. Sold in packs of 10.

Part #10217 14" Copper Riser: Used with Slimline nozzle. Sold in packs of 10.

Part #10218 32.5" Copper Riser: Used with Slimline nozzle. Sold in packs of 10.

Part #10376 14" Riser Wrap: Black nylon cover for copper risers. Adds stability for riser. Sold in packs of 10.

TOOLS

Part #10385 Tube Cutter: Used to make straight cuts on nylon tubing.

Part #10395 Replacement Blades: Additional blades for tube cutter. Sold in packs of 5.

Part #10390 Tube Release: Used to remove tubing from push-to-connect fittings.

Part #10245 Nozzle Changer: Used to easily remove Hago nozzle tip from straight adapter.

Part #28000 Pressure Tester: Used to test the pressure on the tubing run.

Part #10396 100 ML Graduated Cylinder: Used for measuring nozzle flow rate.

MAINTENANCE ITEMS

Part #10195 Slimline Nozzle Tip: Replacement tip for Part #20045 & 20048.

Part #10196 Slimline Nozzle Filter: Filters debris before it reaches nozzle tip. Sold in packs of 100.

Part #10197 Slimline Ball & Spring: Used to rebuild nozzle tip. Sold in packs of 100

Part #10255 Hago Nozzle Tip: Replacement tip for Part # 20035, 20010, 20015, 20025, 20030.

Part #10298 External O-ring: Viton o-ring for Hago Nozzles

Part #10998 Suction Filter Gen III: Replacement part.

Part #10949 Suction Filter Gen 1.3: Replacement part.

Part #10418 Auto Drain Valve Replacement Tip: Replacement part.

MARKETING MATERIALS

Part #30110 Brochures: Trifold brochure. Can be personalized. Sold in packs of 100.

Part #30145 Presentation Folders: Used to hold materials for bids. Includes informational sheets. Sold in packs of 25.

Part #30160 Direct Mail Piece: Can be personalized. Sold in packs of 100.

Part #30130 Door Hanger: Can be personalized. Sold in packs of 100.

Part #30120 Installation Training DVD: Complete installation and training DVD.

Part #30170 Banner: Full color 3' X 8' banner.

Part #30180 Yard Sign: Great front yard advertising while you are installing a system. You can easily personalize with your company phone number.

Part #30195 Consumer DVD: Comes in either mailing envelope or jewel case.

Part #30175 Auto magnet: 24" X 12" can be personalized with company phone number. Set of 2.

Part #30155 Sticker (small): 7"X 8" Authorized Installer sticker.

Part #30165 Sticker (large): 15" X 17" Authorized installer sticker.

Part #30190 Logo Shirt: L and XL White, Gray and Black.

OPTIONS & PARTS

Part #10903 Remote Receiver Gen III & 1.3: Works in conjunction with the remote transmitter.

Part #10957 Remote Transmitter Gen III, 1.3, II & 1.2: Allows you to mist in-between scheduled mist cycles from up to 300 ft away. Works in conjunction with the remote receiver.

Part #10955 Remote Transmitter GEN 1/EFA: Allows you to mist in-between scheduled mist cycles from up to 300 ft away. Works in conjunction with the remote receiver.

Part #10910 Remote Receiver GEN 1/EFA: Located inside the control panel. Works in conjunction with the remote transmitter.

Part #20073G2 Zoning Option GEN II: Allows for two zoning configurations

Part #20071G1.2 Zoning Option GEN 1.2: Allows for two zoning configurations

Part #10958 Antenna Gen III, 1.3, II, & 1.2: Works in conjunction with the remote control.

OPTIONS & PARTS CONTINUED

Part #10980 Controller Gen III: Digital system controller.

Part #10975 Controller Gen 1.3: Digital system controller.

Part #10700 Control Panel GEN 1/EFA: Digital system controller.

Part #20065 Anti-Siphon Valve Gen 1.2 And 1/EFA: Keeps insecticide from siphoning out of drum.

Part #20054 Float Switch-Level Sensor GEN 1.2: Replacement part for 55-gallon drum system.

Part #10920 Level Sensor 55-gallon GEN 1/EFA: 4 level brass and polypropylene level sensor probe. Replacement part for 55-gallon system.

Part #10915 Level Sensor 125-gallon GEN 1/EFA: 4 level brass and polypropylene level sensor probe. Replacement part for 125-gallon system.

Part #10800 Motor All Systems: 1/2 HP motor.

Part #10820 Brass Pump All Systems: 107 GPH pump.

Part #10190 Male Connector (1/2" 3/8") All Systems: Pump intake fitting.

Part #10140 Male Run Swivel Tee (1/4" 3/8") All Systems: Pump output fitting.

Part #10270 Pump Clamp All Systems: Used to secure pump to motor.

Part #10380 Pex Suction Tube GEN 1.3, 1.2 & 1/EFA: Pex pipe 1/2" od by 3/8" id.

Part #10136 Male Connector (1/2" 1/2") GEN 1.3, 1.2 & 1/EFA: Strainer attachment fitting.

Part #10949 Suction Strainer GEN 1.3, 1.2 & 1/EFA: 100 mesh nylon and aluminum filter.

Part #10415 Auto Drain Valve GEN 1.3, 1.2 & 1/EFA: Pressurizes the tubing and nozzles.

Part #20050 Agitator Assembly GEN 1.2 & 1/EFA: Agitates solution for a consistent blend.

Part #10302 Weatherproof Cover GEN 1.3: Vinyl cover protects system components.

Part #10301 Weatherproof Cover GEN 1.2: Vinyl cover protects system components.

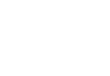

Part #10300 Weatherproof Cover GEN 1/EFA: Vinyl cover protects system components.

Part #10285 55 Gallon Reservoir Lid GEN 1.3, 1.2 & 1/EFA: Drum top.

Part #10280 55 Gallon Reservoir GEN 1.3, 1.2 & 1/EFA: Black polyethelene drum.

Part #10275 125 Gallon Reservoir GEN 1.3, 1.2 & 1/EFA: Black polyethelene tank.

Part #10290 Drum Lock GEN 1.3, 1.2 & 1/EFA: Tamper resistant.
